Too many times, O Lord, we have allowed the fountains of our enthusiasm and faithfulness to go dry. We allow ourselves to be spread so thin, trying to keep too many appointments, accomplish too many tasks, that we fail to keep alive and refreshed in us our commitment to what really matters. We ask your forgiveness for this and pray that the living water of your gracious love might renew us and restore our focus. Bathe us in your grace, immerse us in your mercy, quench our thirst for selfish pursuits by creating in us a desire for the water that gives real life, and real meaning to life. Amen.
